The Game Reserve Chardonnay 2021

THE CAPE EAGLE OWL: As one of the world's largest and most powerful owls, the Cape Eagle Owl (*Bubo capensis*) plays an essential role as a top predator. If the species were to disappear, the entire ecosystem would be in jeopardy. These regal birds of prey hunt from roadside roosts such as telephone poles and fence posts – many are killed by vehicles. We provide more than 120 perches in our vineyards to combat this, while they control rodents and maintain a balanced population of smaller predators.

VARIETY: Chardonnay

TASTING NOTES: Aromas of zesty citrus fruit, lemon curd and a hint of crushed oyster shell follow through to a palate redolent of fresh lemons, limes and grapefruit. The finish has a chalky minerality complemented by elegant, creamy oak tones.

FOOD SUGGESTIONS: Delightful when paired with rich seafood dishes, grilled calamari and citrus chicken salad.

ANALYSIS:
