The Game Reserve Cabernet Sauvignon 2021

THE CAPE LEOPARD: One of the most admired yet elusive of Africa's Big Five animals, the leopard (*Panthera pardus*), is a notoriously shy creature. As an apex predator this big cat is critical to the sustainability of many other species. The Cape leopard may represent a unique subspecies. An exciting research project has established that a total of seven leopards currently roam the area. Our Robertson farm plays a vital role in maintaining the genetic diversity and distribution of this majestic species.

VARIETY: Cabernet Sauvignon

TASTING NOTES: The wine has a great complexity of black berry fruit, dark chocolate, plums and tobacco spice on the nose. This wine has a rich, juicy entry supported by a dense fruit core and firm tannins. An elegant creamy palate leads to a long lingering finish.

FOOD SUGGESTIONS: Excellent with North African dishes, spicy Moroccan tagines, osso bucco and hearty risottos.

ANALYSIS:

Alcohol: 13.76 % vol
Residual Sugar: 1.7 g/L
pH: 3.65
Total Acid: 5.7 g/L
